FUN WITH PHYSICS

A man in a light-colored shirt and dark trousers stands to the left of a large digital display screen. He is gesturing with his hands as if presenting. The screen displays a technical diagram on a teal background. The diagram features a central horizontal rectangle with a double-headed arrow above it, and a larger oval shape surrounding the rectangle. The screen is mounted on a white wall.

Four yellow notices or posters are pinned to the wall in the upper right area of the room.

A table covered with a white lace tablecloth is positioned in the foreground on the right. On the table, there are several items including a green tray, an orange tray, a water bottle, and other small objects. A white plastic chair is tucked under the table. In the background, a wooden cabinet and some laboratory equipment are visible.

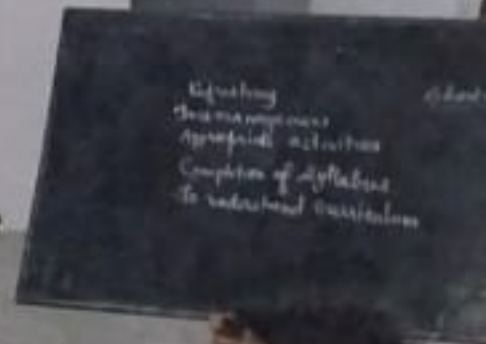

Learning Outcomes

- ▶ A written statement that reflects what the learner will be able to do as a result of participating in the educational activity. The outcome addresses the educational needs (knowledge, skills, and/or practices) that contribute to achieving it.

Learning Outcomes
